

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Precision Polymers, LLC dba Oliver Fiberglass Products with a mailing address of 609 Swan Avenue, Hohenwald, TN 38462. They seek to obtain an air contaminant permit (Division identification number: 51-0031/60058) for construction of the manufacturing of new fiberglass trailers and parts located at the same address. This proposed operation would consist of resin storage, gel coat application, resin application, grinding/trimming, wood sawing/shaping, composites sawing/shaping, glass cutting, adhesive application, foam application, putty application, resin infusion, vacuum bagging, wood finishing, miscellaneous metal parts surface coating, miscellaneous plastic parts surface coating and research/development/prototyping/mold building. Baghouses and exhaust filters would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. D. Warden is the assigned Division person.

No alterations to the above are allowed:

Oliver Fiberglass Products must pay to place this advertisement in the newspaper.

Air Pollution Control must be furnished with one complete sheet from the newspaper showing this advertisement, the name of the newspaper and the date of publication.

Mail to D. Warden, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531

For the "Lewis County Herald"--publish once as soon as possible.
